THE PARAMOUNT LAW OF TRANSFORMATION

BIOLOGICAL BLUEPRINT OF THE UNIVERSE

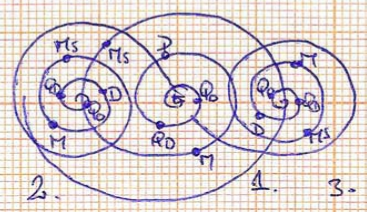
QUANTUM ECONOMICS IN THE AGE OF CLIMATE FLUCTUATIONS

RESTORATION OF NATURAL HABITAT

QUANTUM ECONOMY
MODELLING THE WEALTH OF NATIONS BASED ON BIOLOGICAL QUANTUM EQUILIBRUM

* HUMAN NEEDS. ESSENTIALS: FREEDOM, FOOD, SHELTER, WATER, AIR, HEALTH, SEX, CLOTHING, CAFETY, EDUCATION, GATHERING, AUTONOMY <=> FREEDOM WITHIN INTERCONNECTED SOCIETY, EMPATHY, LOVE, FRIENDSHIPS, KINDNESS INCLUSSIVENESS, PEACE, SPIRITUAL NEEDS,

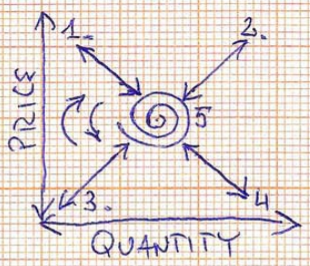
PERMEATING DIMENSIONS



NEEDS
1. EMOTIONAL
2. PHYSICAL
3. SPIRITUAL

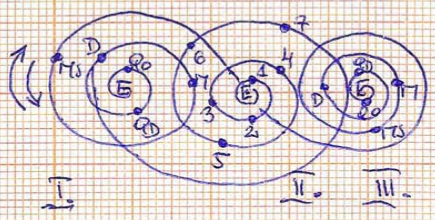
* DEFINING EQUILIBRUM

1. DEMAND
2. SUPPLY
3. DISTRIBUTION & REDISTRIBUTION
4. RECYCLING
5. EQUILIBRUM WITHIN BIOLOGICAL, NATURAL PARADIGM



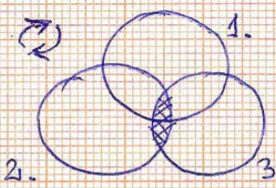
DEFINING PERMEATING FACTOR WITHIN EXTRA EFFICIENT MANAGEMENT SYSTEMS

* ASSETS: PERMEATION (1) LAND, NATURAL RESOURCES (2), (3) TECHNOLOGY, INVESTMENTS (4), (5) SCIENCE, PRODUCTION (6) INNOVATION (7) VS CONSUMPTION.



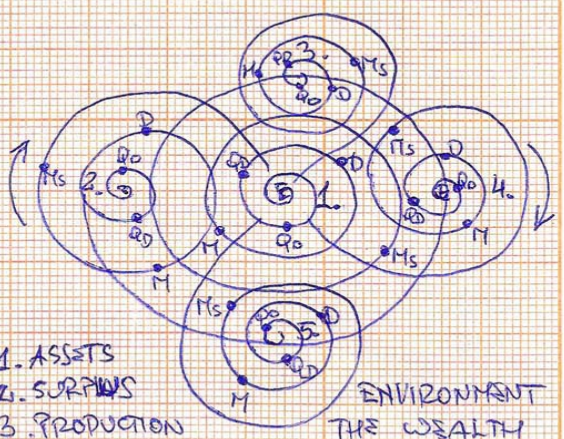
I. DEMAND
II. RECYCLING
III. SUPPLY

* WEALTH DISTRIBUTION VIA ERADICATING POVERTY, WHILE STIMULATING GLOBAL MARKETS THROUGH IMPLEMENTATION OF EQUILIBRUM WITHIN DEMAND <=> SUPPLY, LEGACY ECONOMY, MANAGEMENT.



PERMEATING EQUILIBRUMS
1. SOCIETY
2. ENVIRONMENT
3. MANAGEMENT

* ERA OF OVERPRODUCTION. DEFINING SOCIAL MINIMUM FOR EVERY GLOBAL CITIZEN, YET, IMPOSING LIMITS ON WEALTH EXCESSIVE ALLOCATION THREATENING GLOBAL BALANCE WITH REGARD TO MONETARY SYSTEM, YET, NOT EXCLUDING RATIONAL PERSONAL WEALTH.
EXCESSIVE WEALTH ALLOCATION IS, DE FACTO, LIMITING OUR SURVIVAL AS THE GLOBAL WEALTH MANAGEMENT REQUIRE A NEW APPROACH BASED ON PROVEN SYSTEM, BIOLOGICAL EQUILIBRUM DERIVED FROM PERMEATING QUANTUM DIMENSIONS.
EXCESSIVE WEALTH ALLOCATION IS LIMITING DE FACTO, HUMAN POTENTIAL AS WELL AS SOLUTIONS.



1. ASSETS
2. SURPLUS
3. PRODUCTION
4. STORAGE
5. SERVICES

ENVIRONMENT
THE WEALTH OF NATIONS

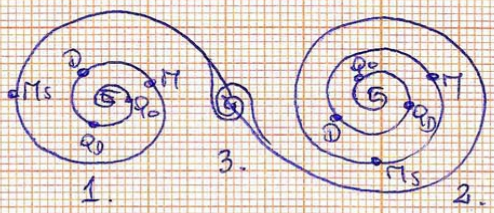
MACROECONOMICS <=> EQUILIBRUM <=> MICROECONOMICS

* QUANTUM MANAGEMENT.

MACROECONOMICS 2.
∧
EQUILIBRUM 3.
∧
MICROECONOMICS 1.

(NOTE: EQUILIBRUM IS NOT STATIC, YET, REPRESENT DYNAMIC PERMEATION WITHIN COMPATIBILITY, AS WELL AS COMPATIBLE OPPOSITE).

NATURAL ENVIRONMENT



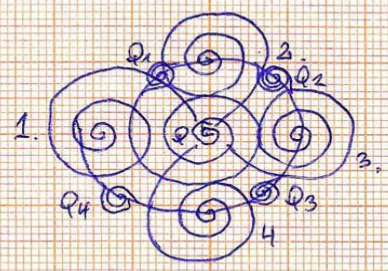
HIDDEN SYMMETRY AWARENESS → PARTICIPATION VIA COEXISTANCE ← VISIBLE SYMMETRY

* MANAGEMENT:

SOCIETY
NATURAL RESOURCES
WATER
AIR

} VIA ETHICAL METHODS & SOLUTIONS: EDUCATION & AWARENESS

* QUANTUM MODELLING BASED ON FOUR SEASONS



1. DEMAND <=> SUPPLY
2. PRODUCTION <=> DELIVERY
3. SERVICES
4. PRESERVATION VIA RECYCLING REGENERATION

Q1-4: SCIENCE, INNOVATION, ADAPTATION, MEASUREMENT.

* EXCESSIVE POVERTY
EXCESSIVE WEALTH
} GLOBAL CRISIS NAVIGATING TOWARD GLOBAL DISASTER, YET AVOIDABLE AT THIS TIME

* MODERN ECONOMY IS DRIVEN BY EXCESSIVE CONSUMPTION, SO CALLED CORPORATE BOTTOM LINE OFTEN ASSOCIATED WITH DISRUPTIVE, IRREVERSIBLE ALTERATIONS WITH REGARD TO NATURAL HABITAT.

IN ADDITION, LARGE CORPORATIONS ARE REPLACING NATIONAL GOVERNMENTS. CORPORATION CAN & SHALL PLAY A VITAL ROLE IN TERMS OF REVERSING CLIMATE CHANGE CAUSED BY EXCESSIVE CONSUMPTION, YET, OFTEN DESCRIBED IN ECONOMIC PROJECTIONS AS "PLANNING", "BALANCE SHEET", "ANNUAL REPORTS".

GLOBAL SOCIETY SHALL BE ANIMATED BY A GLOBAL AWARENESS BASED AND ANCHORED TO UNIVERSAL ETHICAL NORMS INCLUDING FREEDOM, ELOQUENCE WITHIN COEXISTENCE, FAIR DISTRIBUTION OF WEALTH, YET, MOST PROFOUNDLY VIA RESPECT TO EACH MAN, WOMAN, CHILD, NATION, RELIGION, RACE, TRIBAL MINORITIES AROUND THE WORLD.

Q: RESIDUAL WEALTH IN THE AGE OF OVERPRODUCTION, YET, CLIMATE CHANGE. OUR SOCIETY IS ABLE TO REVERSE NEGATIVE TRENDS WITH REGARD TO INDUSTRIAL REVOLUTION BY ADAPTING TO PROVEN NATURAL MECHANISMS & MAINTAIN LONG LASTING WEALTH: HEALTH, EMOTIONAL COMFORT, SATISFACTION, SAFETY, SOCIAL PROTECTION, PROCREATION, EDUCATION, CONTRIBUTION VIA PARTICIPATION AS WELL AS ADAPTATION TO NEW REALITY

* EARTH AS A COMMON WEALTH SUPPORTING BIOLOGICAL EXISTENCE:
  - EMOTIONAL WEALTH
  - PHYSICAL WEALTH
  - MATERIAL WEALTH
  - ECONOMIC WEALTH
  - SPIRITUAL WEALTH

* EARTH AS A COMMON WEALTH VS EXCESSIVE MISMANAGEMENT: EXCESSIVE WEALTH ACCUMULATION, POVERTY, PRODUCTION, CONSUMPTION, WASTE, EXCESSIVE POLICIES (WARS), EXCESSIVE LAND MISMANAGEMENT VIA ACCUMULATION (DISENFRANCHISSEMENT OF SMALL & MEDIUM FARMERS), EXCESSIVE USE OF CHEMICALS (FARMING, INDUSTRIES), EXCESSIVE POLLUTION & LITTER, EXCESSIVE IGNORANCE TO IMPLEMENT VITAL MEASURES TO REVERSE GLOBAL THREATS (GLOBAL WARMING, ACCUMULATION OF TOXINS, NEGATIVE TRENDS AFFECTING BIODIVERSITY.

* TYPES OF PRODUCTS:

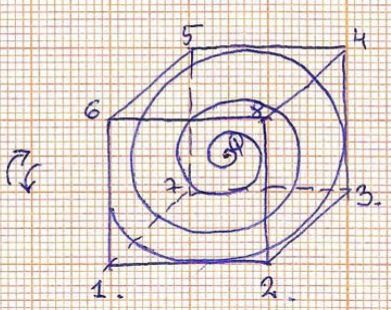
NATURAL		QUANTUM MANAGEMENT:
TANGIBLE	VS	REPAIR,
INTANGILE		DISTRIBUTION
SERVICES		REDISTRIBUTION
INTELLECTUAL		RECYCLING

* RESTORATION OF NATURAL HABITAT, YET, BIODIVERSITY IS, DE FACTO, SYNONIMOUS WITH RESTORATION OF WEALTH:
  - GLOBAL CLEAN-UP (OCEANS, SEAS, LAND)
  - ECO FRIENDLY PRODUCTION
  - INCENTIVES
  - REFORESTATION
  - REDUCTION OF CO_2 & OTHER CHEMICALS
  - HEALTHY LIFE STYLE VIA EDUCATION, YET, EXAMPLES & HABITS,
  - PROMOTING WEALTH AS HEALTH.

* ETHICAL ATTITUDE SHALL DEFINE SURIVAL OF OUR CIVILIZATION.

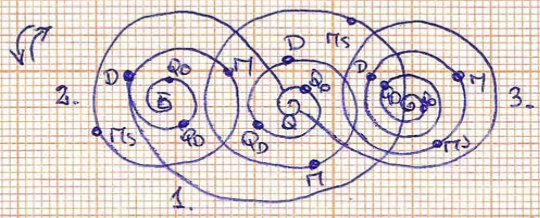
* COMMON WEALTH — COMMON TREASURE
  BIODIVERSITY — AWARE EXISTENCE
  NATURAL HABITAT — CIVILIZATION

* EVERY TASK IS ANCHORED WITHIN MORAL DIMENSION.



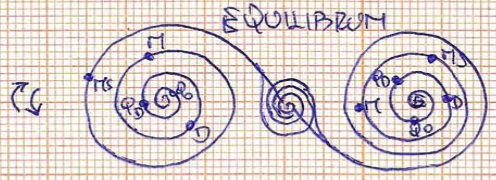
ACHIEVING EQUILIBRUM VIA SQUARE TRANSFORMATION INTO ROUND DYNAMIC <=> INTERACTIVE
Q. COMMON WEALTH EQUILIBRUM

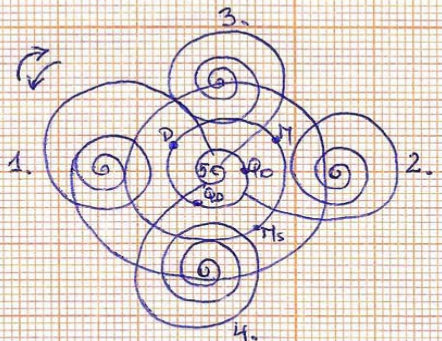
FAIR WEALTH DISTRIBUTION



1. COMMON WEALTH
2. SOCIETY
3. PRESERVATION OF FUTURE

RESIDUAL COMMON WEALTH





(5) QUANTUM DYNAMIC EQUILIBRUM
1. SCIENCE
2. ETHICAL SCIENCE <=> SPIRITUALITY
3. SOCIETY <=> CIVILIZATION
4. INFINITE SEQUENCE
